

Hi

Welcome to your first Design Events 'round up' email. Here at Design Events we strive to bring you the best exhibitions, guest lectures, design conferences, and design happenings right here in **YOUR** School of Design.

We will always engage with you via email, the Design Events facebook page and the Design Events webpage www.northumbria.ac.uk/designevents to make sure that you know what's happening in your School and when so that you don't miss out

DRAWING WITH FIRE

WHAT'S ON

This is where you will find out everything that is happening within the Design School! If it's an exhibition, guest lecture by a cool designer, or a design conference then it is going to be listed under our What's On section of Design Events.

DRAWING WITH FIRE

As part of the 2011 **International Print Biennale**, this exhibition demonstrates and represents some of the interesting and innovative ways in which the laser cutter is being utilised by artists and designers working with paper.

The exhibition is curated by **Tom Sowden**, and contains work produced during his AHRC funded research project 'Paper Models: investigating laser cutting technology to develop new artists' books and paper-based creative practice for arts, crafts and design'. On the opening night, Tom will deliver a talk on new methodologies for artists' creative production methods and the potential of the laser cutter as a tool for artists.

This talk is free to attend but you must [register online](#).

Date: 1st Nov - 10th Nov 2011

Place: School of Design, Northumbria University

Time: 9am - 5pm Mon - Friday

BOOK SALE

On Thursday November 10th we have **Ava** publishing visiting the Design School to hold a book sale in the foyer space. **Ava's Academia** range has a great selection of titles that look at all of the design disciplines taught here in the Design School.

At the sale there will be books covering the disciplines of *Fashion, Design, Illustration, Advertising, Interiors, Design Management* and more

All of the books for sale will be discounted compared to the prices you see in bookstores, with as much as 40% discount on some titles. Both cash and card payment will be accepted on the day.

Time: 11.00am - 4.30pm

STUDIO CULTURE THE FASHION ILLUSTRATIONS OF GARY KAYE

This exhibition is a celebration of the work produced by fashion illustrator Gary Kaye and three other supporting illustrators, [Ann Marie Kirkbride](#), [Tracy Turnbull](#) and [Kathryn McKelvey](#). The exhibition aims to showcase the work of graduates and lecturers at Northumbria highlighting the importance and legacy of 'studio culture' loosely defined to be the tradition of passing down the skills of draughtsmanship, use of media and technique in a practice based environment. This exhibition proposes to offer an interesting perspective on the 'new technologies versus traditional craft approaches' debate from four Northumbria fashion graduates/lecturers who have excelled in one or other of these areas.

REVISIT

Missed an event or exhibition that you really wanted to attend? We do our best to document everything, whether it is an image gallery from an event, an audio or video podcast of the lectures, or the presentations for you to view at your own leisure. We want to build Revisit to be your library resource!

STYLE WITHOUT BOUNDARIES

WINNING PRINT
'SPIDEY'
Matt Coch
[Brooklyn Theory]

Our unique exhibition of smartphone captured imagery showed real style from across the globe irrespective of age, sex or culture. As a UK first, Northumbria University teamed up with smart photo sharing app EyeEm to change people's perception of what street style really is with a ground breaking exhibition during the London Design Festival.

The live and interactive exhibition at the [School of Design, London](#) displayed the top ten winning photographs in all their glory as hand crafted large prints, alongside a selection of small prints from the top 150. We also had all 750 submissions projected onto the wall or displayed on iMacs and Galaxy Tablets so that every worldwide style possible was on display.

The event was a great success with many professionals from creative industry, EyeEm, members of the iPhoneography Group, the team at IGersLondon [Instagram], and our Fashion Alumni coming together to appreciate the photos that had been submitted to the Style Without Boundaries call.

LIKE US

Why not 'like' us on facebook. You can simply search for Design Events [Northumbria School of Design] in the facebook search bar, or if you're logged into facebook simply click the 'like' thumb to the left or visit www.facebook.com/northumbriadesignevents

We won't spam your feed either! – Here at Design Events we believe in only posting quality not quantity so to know about design happenings, cool design things that may interest you, and our event and exhibition series why not hunt us out and give us a stalk. ☺
