

## **Children, Transport and Mobility in Sub-Saharan Africa: Developing a Child-Centred Evidence Base to Improve Policy and Change Thinking Across Africa**

Project website: [Child Mobility](#)

### **Principle Investigator**

Dr. Gina Porter (Durham University)

### **Collaborative Investigators**

Dr. Kate Hampshire (Durham University)

Professor Albert Abane (University of Cape Coast, Ghana)

Mr Mac Mashiri (CSIR: Transportek, Pretoria and National Forum Group for rural transport, South Africa)

Dr Elsbeth Robson (University of Malawi and Durham University)

Dr Alister Munthali (University of Malawi)

Prof Michael Bourdillon

### **Steering Group**

Dr. Janet Townsend (Newcastle University)

Professor Nina Laurie (Newcastle University)

Ms Marinke Van Riet (IFRTD London)

### **Project summary**

The project is funded by ESRC and DFID. It focuses on the mobility constraints faced by girl and boy children in accessing health, educational and other facilities in sub-Saharan Africa, the lack of direct information on how these constraints impact on children's current and future livelihood opportunities, and the lack of guidelines on how to tackle them. The aim is to provide an evidence base strong enough to substantially improve policy in the three focus countries - Ghana, Malawi and South Africa - and to change thinking across Africa.
